INTERNATIONAL SCHOOL OF IMPROVISATION

Come and discover an unprecedented musical and humanistic experience for yourself at Oasi San Giacomo near Verona!

This intensive week of Music Improvisation aims to accompany musicians on a gradual and personal journey of discovery in the practice of improvisation. By strengthening your knowledge of historical elements and psychological aspects, you will be able to overcome *horror vacui* and take on the challenges of style, in the pursuit of Good Taste; our aim is to provide you with a strong basis for any music study.

The result is much more than being able to add a few notes to an existing score.

We will be mesmerised by frescoes, statues, gardens and grottos, a XIV cent. church and even an the beautiful Illasi Valley: a wonderful landscape that will offer us a unique opportunity for regeneration and creative inspiration!

The perfect place for a
RENAISSANCE EXPERIENCE.

This Improvisation Course
(REMA AWARD 2022)
uses an innovative pedagogy that combines
historical musical improvisation
within a multidisciplinary approach.
